

HAVE SOMETHING DONE - PET+

Sandra had her essay written by a professional.

Where do you have your hair cut?

Why do you have your car cleaned?

I had my car repaired last week.

Why did you have your hair cut there?

He is having his house furnished at the moment.

Where do you have your nails done?

I am having my computer fixed tomorrow.

I had my hair washed today.

They had their house cleaned yesterday.

Did you have your shoes cleaned?

I am having my bike repaired next week.

She always has her bike cleaned.

She had her clothes tailored.

Did you have your computer repaired?

I have my homework done every week.

Why did they have their car fixed there?

We had our garden altered.

We didn't have our house designed by an architect.

You had your shoes cleaned last month.

Did they have their living room painted?
